## ABOUT ME

Dylan Cade is a skilled and talented developer, electrified by new technologies, ideas, and innovations. His heart belongs wholly to data visualization, data architecture, and to really good design.

## EDUCATION

### SEATTLE UNIVERSITY

2013- 2017 | BA History

### SEATTLE CENTRAL COMMUNITY COLLEGE

Sept 2019 - May 2020 | Python and PostgreSQL

## EXPERIENCE

### 2015 - THE HOLOCAUST CENTER FOR HUMANITY

#### 2016 SPEAKERS' REPRESENTATIVE

- Researched multilingual backgrounds of Holocaust Survivors and their descendants.
- Created custom presentations for these Speakers to use in Seattle schools.
- Handled and organized precious artifacts.

### 2018 - THE MASONRY

#### 2020 SCRATCH COOK

- Curated scratch cuisine.
- Monitored inventory, ledgers, and menu changes.
- Delivered consistently excellent food in extremely high-pressure conditions.

### 2022 BOISE CODEWORKS

#### FULLSTACK DEVELOPMENT - STUDENT

- Worked closely with peers to develop and deploy high-quality, functional applications.
- Organized and led peers as Scrum Master on tight deadlines to excellent deliverables.
- Learned several frameworks in under 3 months.
